

## **About Us**

Founded in 2022, RSY Industries is a fast-growing manufacturing firm specializing in high-quality industrial storage rack solutions designed to optimize space, improve efficiency, and support modern warehousing needs.

With our corporate office located in Gurgaon and a fully equipped manufacturing facility in Bhiwadi, we are strategically positioned to serve clients across Delhi NCR and across India. Our infrastructure enables us to deliver reliable, durable, and customized storage systems tailored to diverse industry requirements.

We manufacture and supply a wide range of storage solutions, including pallet racks, heavy-duty racks, slotted angle racks, and cantilever racks. Each product is engineered with precision, keeping in mind load capacity, durability, and long-term performance.

Our solutions cater to a wide spectrum of industries such as warehouses, e-commerce businesses, retail outlets, FMCG companies, logistics providers, and manufacturing units. We understand that every business has unique storage challenges, and therefore, we offer customized designs and end-to-end support—from planning and manufacturing to installation.

At our core, RSY Industries is committed to quality, timely delivery, and customer satisfaction. By combining practical industry knowledge with efficient manufacturing processes, we aim to become a trusted partner for businesses looking to enhance their storage and operational efficiency.

We don't just build racks—we build organized, scalable, and future-ready storage systems for growing businesses.

## **Our Mission**

To deliver high-quality, durable, and cost-effective storage solutions that maximize space utilization and improve operational efficiency for businesses across industries, while maintaining the highest standards of reliability and customer satisfaction.

## **Our Vision**

To become a leading and trusted name in the storage rack manufacturing industry in India, known for innovation, customization, and excellence in delivering efficient storage solutions.

We don't just build racks—we build organized, scalable, and future-ready storage systems for growing businesses.
